Today's clues

We're going to visit a big country: it's the 2nd largest country in the world!

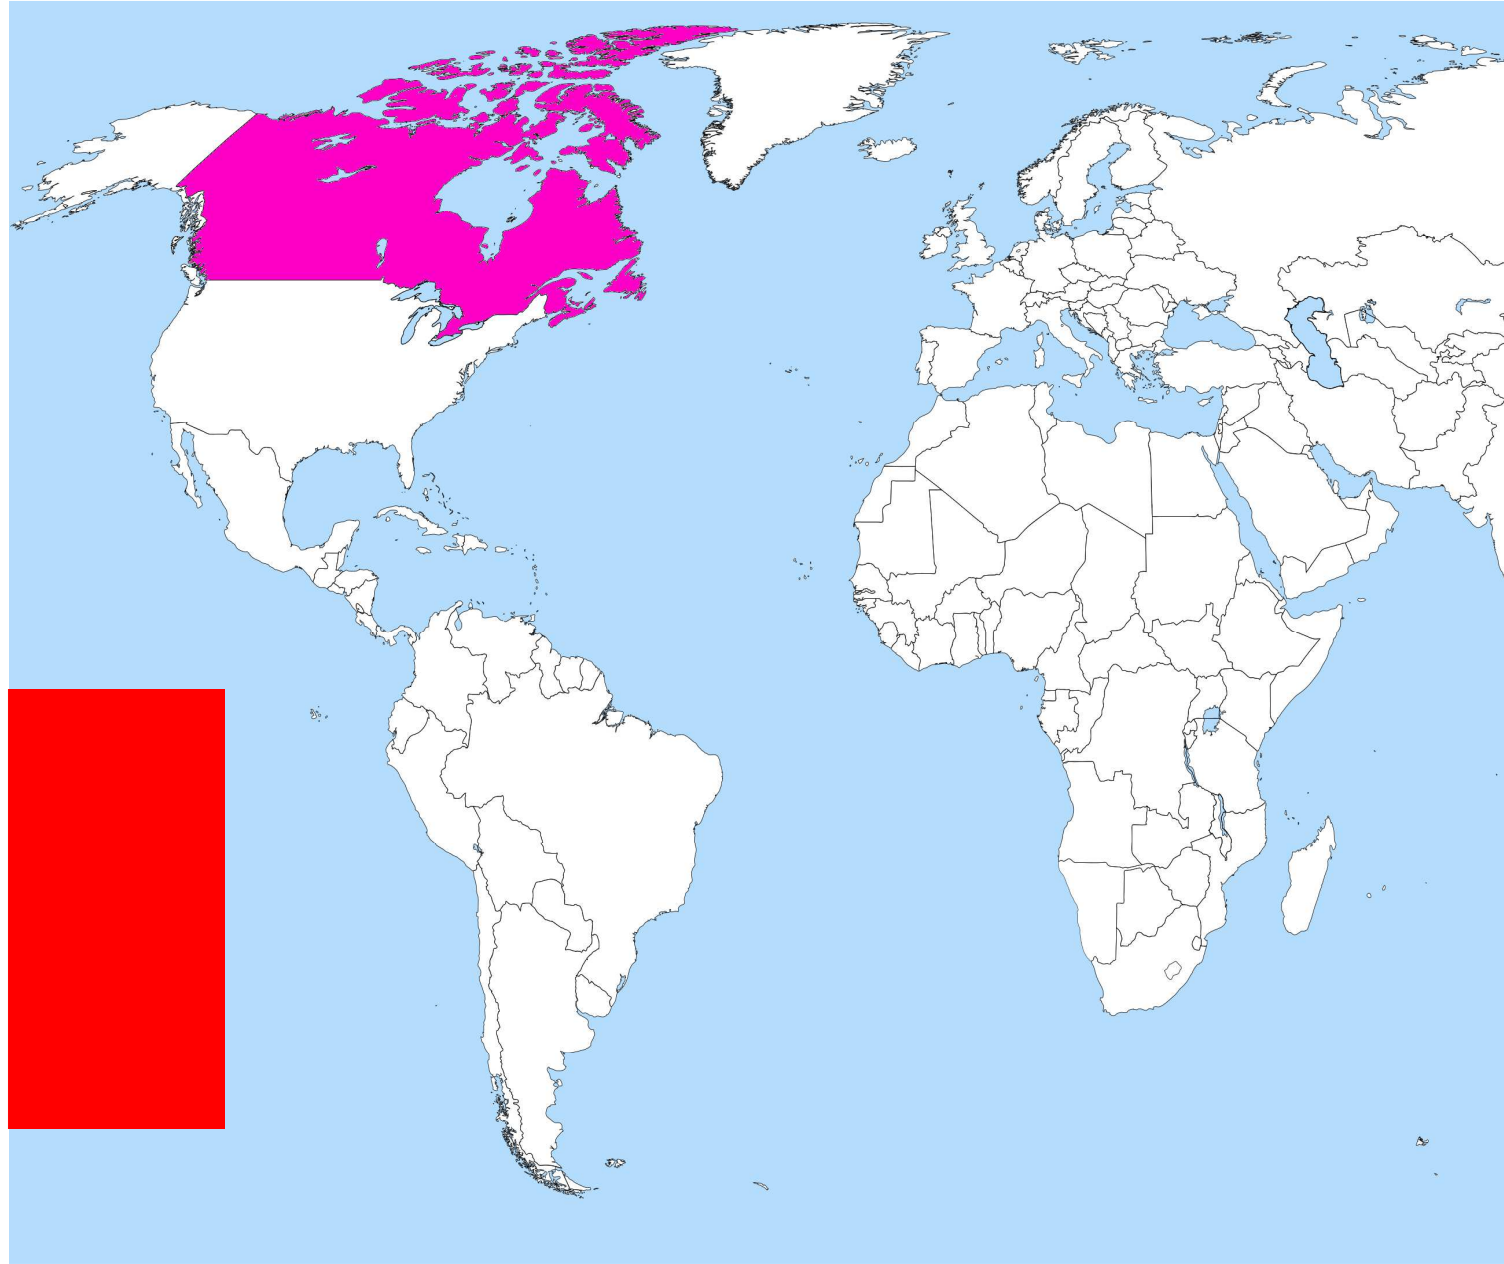

There are a lot of bears there!

The capital city is Ottawa.

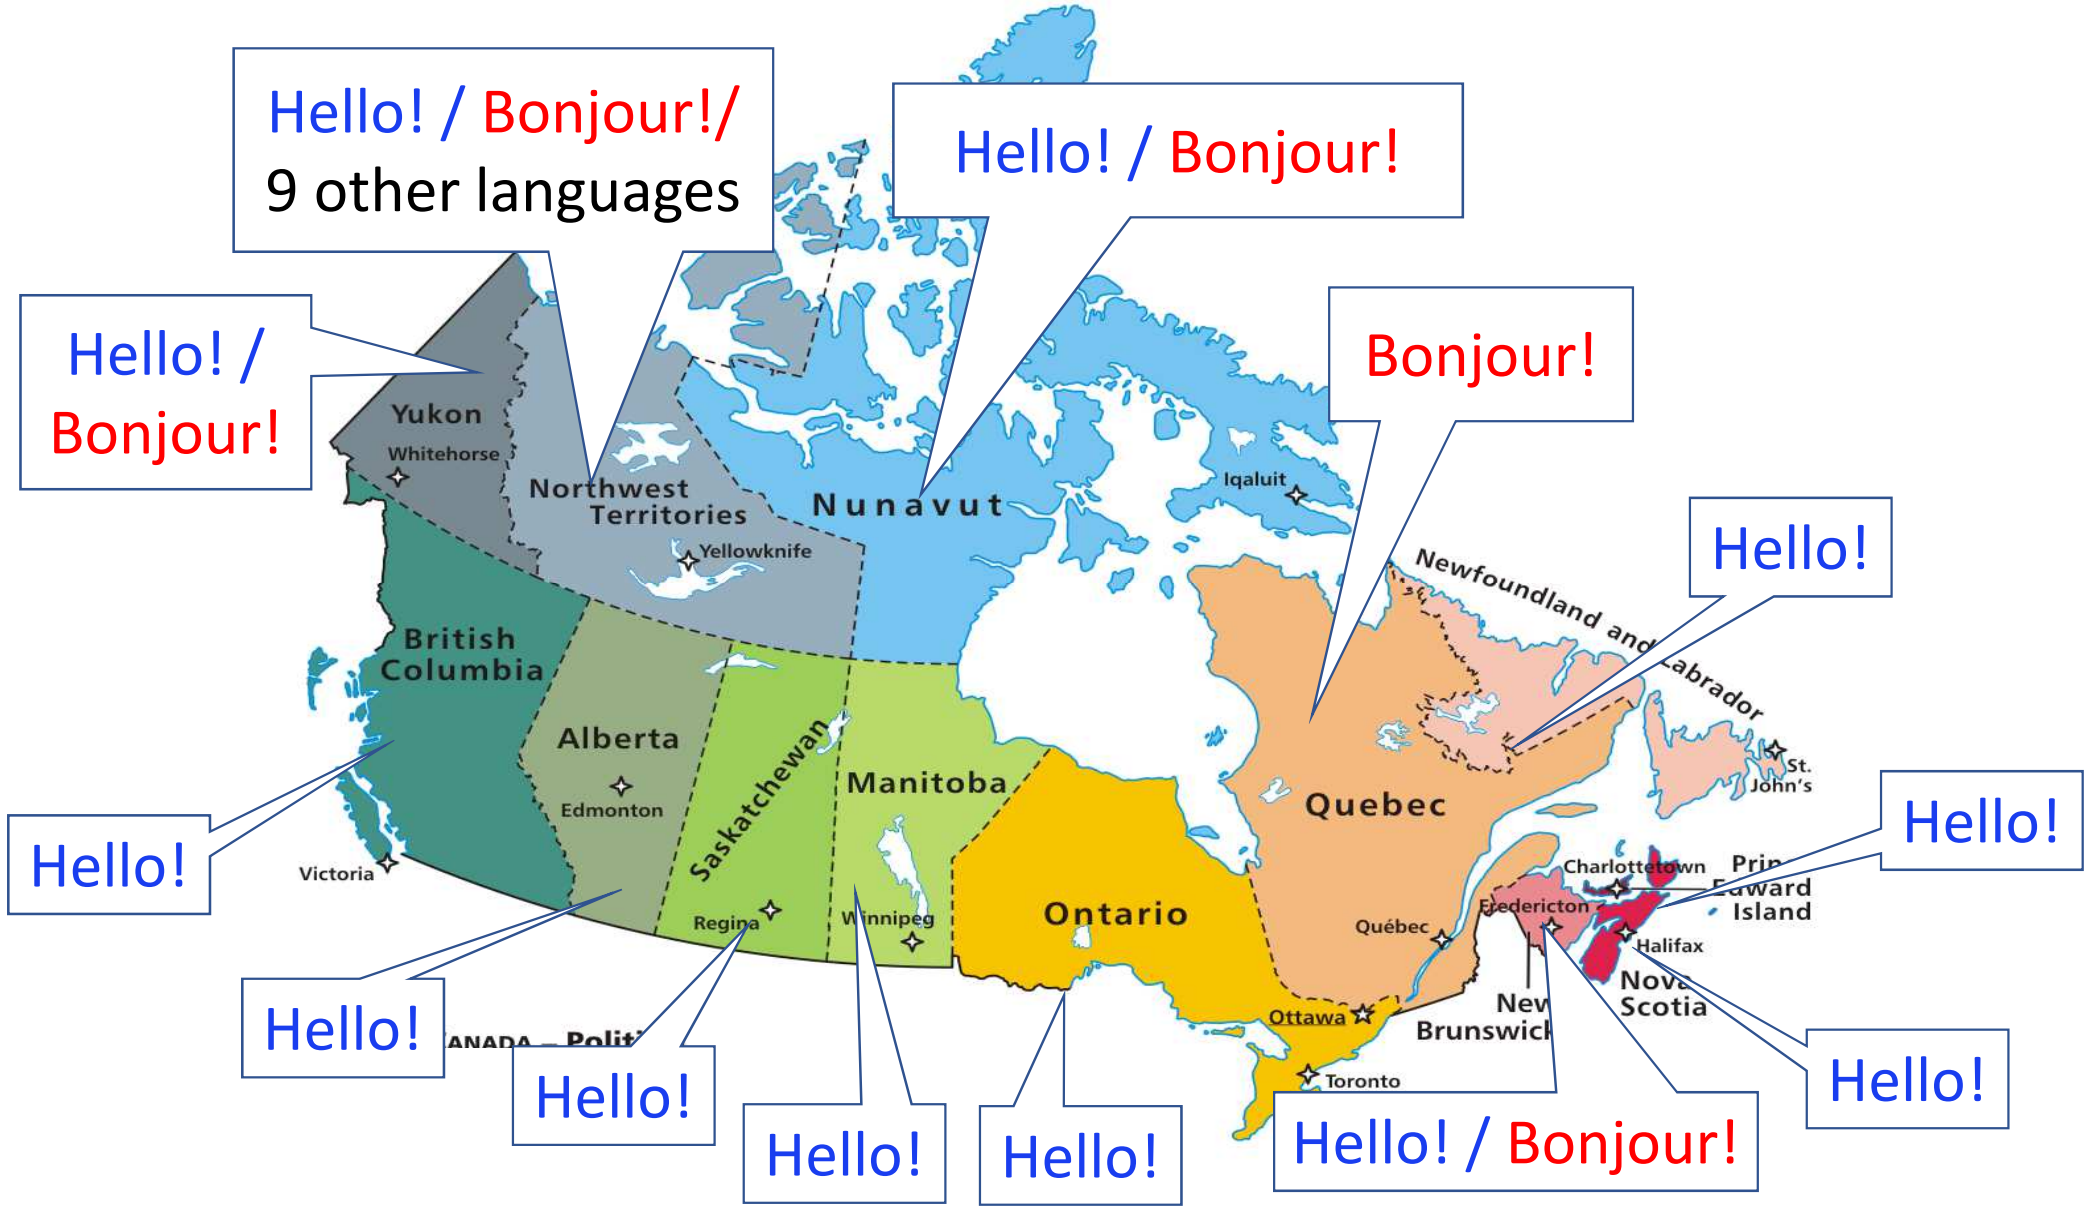

So let's
visit
Canada!

O Canada / Ô Canada

O Canada!
Our home and native land!
True patriot love in all of us command,
Car ton bras sait porter l'épée,
Il sait porter la croix!
Ton histoire est une épopée
Des plus brillants exploits,
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.

Canadian symbols!
Listen and cross the odd ones out.

Let's think: « will » et « be going to »

Observe ces 2 phrases:

I hope I **will go** to Canada. I'm **going to** choose a Summer camp where we can do lots of outdoor activities because I love nature.

Ces 2 phrases ont un sens futur puisqu'Andrea explique ce qu'elle va faire cet été. Pourtant, il y a 2 formes différentes pour exprimer ce futur. Mais pourquoi?

WILL

Décision sur le moment

Résolution

Andrea espère, **a envie au moment où elle parle**, d'aller au Canada mais cela n'aura peut-être pas lieu.

BE GOING TO

Planifié

Si elle y va, parce qu'elle aime la nature, Andrea a déjà **prévu** d'aller dans un camp où il y a des activités de plein air.

Now, it's your turn!

I am going to play minigolf this afternoon with my sister like every Tuesday.

I know what we can do tomorrow: we will play football with Paul.

I will call my friend now to know if she is ok with this summer camp.

Andrea is going to choose a camp in Canada because she loves the country.

Dear Madam/Sir,

Greetings

I am very interested in your summer camp. I love technology and video games. But I have some questions.

First I can see there is a 3D game designing workshop. Which apps are we going to use?

I can see there is a photography workshop too: are we going to use apps on our mobiles? Is it necessary to download any apps?
